About **Me**

A Wonderful **Man**

I'm Vladimir Cadin — a curious mind who enjoys coding, design, and bringing ideas to life through web development. As a student at IMC Krems, I explore how technology connects people and creativity. I'm passionate about basketball, teamwork, and learning something new every day.

About Me

Sunny Town Vibes

I was born on July 13, 2006, in a small but bright town called Ceadîr-Lunga, located in the very south of Moldova. A warm place where everyone knows everyone — and yes, it's true, the guy in this photo is actually me. That's where my journey began — under the southern sun and endless curiosity.

Study & Dreams From Orizont to IMC Krems

I grew up in a family that always supported learning and ambition. After finishing my studies at "Orizont" Lyceum, I dreamed of studying abroad — to see the world and challenge myself. Today, I'm proud to call myself a student at IMC Krems University, where I'm turning those dreams into reality.

Sports & Life

Basketball Player

Basketball has been a huge part of my life for years. I started playing professionally for Comrat Horses in Moldova's National Division — a team that taught me discipline, teamwork, and leadership. Now I continue my journey in Austria with Krems Basketball, bringing the same energy, passion, and love for the game wherever I play.
